

## WASTE MANAGEMENT 2024

This is information on our 2024 three-year contract with Waste Management:

- The charge will be the same monthly fee whether you choose monthly, quarterly or yearly service.
- There is a free WM app you can use for paperless payment choices and communications.
- If you choose the regular paper billing method, you will be charged the monthly administrative fee of \$8.50, however, if you go paperless, and use E-billing from your bank, OR autopay from WM, you will not be charged the monthly \$8.50 administrative fee.
- Yard waste fee is \$5.00.
- The energy charge will fluctuate because of gas prices, but it is not expected to be more than a dollar difference, if that. The chart below explains the 4 possible rates you could be charged.
